TRAVELS LIGHT, SOUNDS HEAVY WITH 20+ HOURS OF PORTABLE PLAYTIME

PRODUCT COPY

Built for life on the road, this compact portable speaker offers 20+ hours of playtime. Weighing only 1.4 kg, Stockwell II packs a solid punch despite its pint-sized frame. Utilising Blumlein Stereo Sound construction, this speaker provides a multi-directional experience that will immerse you in your music, indoors or out. Three class D amplifiers power its subwoofer, front and rear facing tweeters, for a sound that's brilliantly powerful and clear. In addition, Bluetooth® 5.0 technology allows you to connect to a variety of wireless devices with a range of 30ft.

Echoing the legacy of rock 'n' roll, Stockwell II has a solid metal grille that pays homage to the steel mesh grille found on many microphones and a guitar inspired carry strap for easy portability. Its roadworthy construction with silicone exterior and IPX4 water-resistant rating make it extremely rugged and durable. Take it with you wherever the long road leads.

UNIQUE SELLING POINTS

1. 20+ HOURS OF PORTABLE PLAYTIME

Short: Stockwell II offers 20+ hours of portable playtime on a single charge.

Medium: Stockwell II offers 20+ hours of portable playtime on a single charge. Its pint-sized frame and guitar inspired carry strap make it perfect to take with you.
